

FOR IMMEDIATE RELEASE

NETWORK DYNAMICS, INC. RECEIVES GOLD CERTIFICATION FROM CISCO SYSTEMS

Oldsmar, Florida – June 27, 2005 – Network Dynamics, Inc., a network technology and life cycle solutions provider, announced today it has been certified as a Cisco Gold Partner in the United States. Cisco's Gold Partner certification is one of the most widely respected designations in the networking industry. Earning this certification means that NDI has met the extremely stringent guidelines and requirements outlined by Cisco's program related to personnel, support, product/technology specialization and customer satisfaction. The Cisco Channel Partner Program provides NDI with the ability to sell, install and support Cisco networking solutions nationwide. Prior to attaining this certification, NDI has been a Cisco Silver partner since 2001.

“We have always been committed to delivering the highest quality of service to our customers,” said Jim Bradshaw, president and CEO of Network Dynamics, Inc. “This recognition by Cisco positions NDI to provide our clients with even more flexibility in terms of cost-effective, superior product and support solutions.” Jim Griffin, NDI's senior vice president of service delivery, echoed this sentiment, “Our technical support team is dedicated to ensuring that NDI continues to offer exceptional service and support to our customers; their tenacity and diligence helped us achieve the needed certifications and specializations allowing NDI to reach our goal to become a Gold Partner.”

Gold Partner certification, offered through Cisco's Channel Partner Program, provides its partners with the highest level of credibility in the marketplace. The goal of the program is to recognize and reward partners, like NDI, for having highly-trained network specialists and technicians who provide superior service and support on Cisco network solutions in their customer environments. NDI also benefits from this certification by receiving a wealth of sales and marketing information, as well as technical resources and support from Cisco. Cisco Gold Partners provide their customers with 24x7 support with one-hour call back for problem resolution and 24-hour onsite response.

Cisco places great value on the commitment and expertise that Network Dynamics has demonstrated and looks forward to a continued successful partnership with NDI.

About Network Dynamics, Inc. (NDI)

Network Dynamics, Inc. is a network technology and life cycle solutions provider that offers its customers a comprehensive suite of product and service solutions including network implementation, custom network support, managed services, consulting services and secondary market equipment.
